In addition to a premium discount, members have access to a safety plan specific to the automotive industry, and can qualify for a group dividend. Texas Mutual policyholders have access to thousands of free training materials in our safety resource center, including a robust safety catalog, engaging e-Learning online training courses and more.

\$ DIVIDEND HISTORY

All Texas Mutual policyholders have the opportunity to earn individual dividends, but as a member of the Texas Automotive Safety Group, you may qualify for an additional group dividend if the group has favorable results.
